

Shipping & customs

Preparing shipment documents in advance is a critical step in ensuring a smooth logistics process. Our shipment process turns hours to seconds.

Documentation

- Auto generated shipping documents (Commercial Invoice, Packing List) in seconds
- Upload Certificate of Origin or insurance certificates
- Use Insemito software templates
- Share the documents with relevant parties

Necessary Information

- Fill in product details, shipping instructions and consignee information

Manage Shipments

- Use drag & drop function for fast preparation of equipment to be shipped
- Create your own transport unit as templates for fast creation in shipments
- Review all documents with a pre-departure checklist

... & more
